**Union League Club

Please join us to explore and learn about the current state of critical issues related to a wide range of topics focused on managing waste materials.

The day will include opportunities to:

- Engage in discussion with U.S. EPA, Region 5 and State waste regulators;
- Get status updates regarding the implementation of recent regulations and policies and how they may impact your business;
- Hear success stories and cautionary tales; and
- Ask questions of regulators or your peers regarding your own waste management challenges as you network with attendees and speakers.

The conference will conclude with a networking reception that is open to attendees, A&WMA members, and their guests.

A&WMA has reserved space for exhibitors inside the main meeting room, where attendees will have the opportunity to learn about companies that support their waste management efforts.

The conference venue will have a limited number of spaces for exhibitors. Exhibitors will have time to network with conference attendees during breaks and at the networking reception.
